Choose from a Variety of Shutters

Bamboo Breezes™

Elegant and exotic, these plantation shutters are ideal for creating a luxurious island decor. Unique bamboo grain, clear finish and solid 100% bamboo components. Durable, straight, eco-friendly.

Davenport Shutters®

These shutters are designed to look like a traditional wood shutters, but offer the ease of synthetic maintenance. Unsurpassed durability and unaffected by moisture. Specialty shapes and sliding doors are available.

Timberlane®

Timberlane Woodcrafters manufactures the world's finest exterior wooden shutters, handcrafted with mortise and tenon, wood-peg joinery. Collection includes period-accurate hardware, a plus for historic preservation.

Shutter Productions™

Solid basswood shutters are the hallmark of this line. Order them painted or stained, and choose from a variety of shapes and sizes. Quality craftsmanship uses #1 and select or better grades of American basswood.

Kirtz® Shutters

Exotic woods, including the finest furniture-grade maple, are crafted by SMI artisans to extract the beauty of nature and transform raw wood into some of the finest shutters available today.

ShutterSmart®

ShutterSmart Vinylclad Hardwood Shutters are built with a hardwood poplar core clad in durable polyvinyl. This type of construction allows for strong wide and tall panels.
